Ste Genevieve	55	0P0844C	2002	Diamond grind southbound lane from Jefferson County line to Rte. 32. Funded by SFY 2002 Bonding Package for contract maintenance activities. This project split from 0P0844.	\$1,041	\$1,066	\$4
Stoddard	D	0S0397	2001	Grading, 1-24' pavement and replace bridges over Main Ditch, Lateral No. 2 and No. 3 from 0.5 mile east of Rte. 25 to 1.7 miles east of Rte. 25. Project involves bridges T-941, T-942 and T-943.	\$1,097	\$1,493	\$1,415
Stoddard	25	0P0800	2001	Coldmill and resurface from 0.7 mile south of Rte. AF to 1.4 miles north of Rte. Z.	\$1,815	\$2,624	\$2,343
Stoddard	60	0P0838	2001	Build cross-overs to north and south outer roads, widen shoulders on Rte. 60 for acceleration and deceleration lanes 1700' east of existing Rte. 60 & 51 interchange.	\$278	\$402	\$180

Construction Work in Progress in SFY 2002

RSMo 21.795.2(4)

(Dollars are in Thousands)

County	Route	Job No.	Award Yr.	Description of Improvement / Location	Estimate	Award Cost	Cost thru SFY02
Wayne	67	0P0708	2001	Replace bridge over Widows Creek 2.6 miles south of Rte. F. Project involves bridge L-209.	\$1,585	\$1,895	\$765
					\$3,461,170	\$3,525,668	\$2,421,768

NOTE: There is minor variation in this report, as compared to last year's report. This is due to a change in business practices as to how project closure is defined. In last year's report, project closure was defined as the date when MoDOT accepted the project from the contractor. Now, project closure is defined as to specific date when site manager approval is made. This is about four days prior to when the final contractor check is written. This change does not have tremendous impact, however, some projects that would have been completed by the department's old practice could still be in progress.

Estimate: Estimate is the sum of preliminary engineering, construction engineering, construction contingencies, right of way incidentals, right of way acquired and construction estimate.

Award Cost: Award cost is the sum of the award cost plus 10% (for the construction engineering and construction contingencies) and the actual costs of both right of way and preliminary engineering.

NOTE: This total has been reconciled to the financial statements prepared in conformity with accounting principles generally accepted in the United States of America. These financial statements have been audited by KPMG.

*The Missouri Department of Transportation has implemented Statement No. 34 of the Governmental Accounting Standards Board as required by accounting principles generally accepted in the United States of America. Accordingly, the Department has developed a capitalization policy defining costs to be capitalized.

*Depreciable assets (roads and bridges) are valued separate from other assets (right of way land).

*The STIP report covers the Right of Way and Construction program. Some STIP projects are for the purpose of maintaining pavement condition to reach the original useful life of the asset (ex. bridge painting). The STIP also includes projects not capitalized that provide safety improvements and other off-system enhancements (local system improvements).

To obtain a copy of the reconciliation, contact the Director of Transportation Planning at 573-526-1374.
